To Whom It May Concern

I have great pleasure in providing a reference for Hegney Property Group. I have known the Chairman and founder Gavin Hegney for over 15 years, just prior to establishing his current business.

Gavin has developed an outstanding business and in recognition of his knowledge and credibility he is considered the foremost spokesman on property in WA. More recently Hegneys have undertaken work in the eastern states of Australia. Hegneys are accredited to most bank valuation panels in Australia and I understand they have some 70 licenced valuers working for them. Gavin is an outstanding individual and an extremely astute businessman as well as a great friend.

In more recent times Stewart Kestel has headed the business as Managing Director. Stewart has undertaken a transformation of the business developing fresh systems and expanding the footprint of the business. They have utilised the many property and business skills that are abundant in this firm to a broad range of property products and services, whilst keeping the core business effective in a very competitive market.

I highly recommend Hegney Property Group to any organization to utilize its services. They are an outstanding and expertly managed business.
